SECOND FLOOR ASSEMBLY

SECOND FLOOR ASSEMBLED

Step 1 Read & identify ALL parts, then proceed to assemble in the following manner.

Step 2 Install ALL 5 doors by snapping hinge pins into jamb.

Step 3 Install entry jamb; in first floor front wall.

Step 4 Install long & short ground floor trim.

Step 5 Install upper floor front balcony small & large parts.

Step 6 Install upper floor rear balcony wall.

Step 7 Slide 4 ground floor walls together.

Step 8 Slide upper floor walls together and set on top of previous floor.

Step 9 Snap roof on upper floor.

Step 10 Put "L" shaped hatch door between the two sides of the roof entrance, being sure pins on hatch are in holes of entrance walls. Push together and place on top of hole in roof.

Step 11 Put antennas in holes on either corner of roof.

Step 12 Place furniture where desired.

NOTE: A modeler's knife or file is recommended for removal of parts from the sprue and for trimming flash.
