

Size: 297mm x 210mm
Color: Black

BACHMANN®

LARGE SCALE EGGLINER

BII542-IS001

Changing Polarity/Direction of Travel (for Eggliners operating on DC track)

If desired, find the "POLARITY" switch located on the underside of the Eggliner and move it to either the "Large Scale" or "NMRA Standard" position. Your Eggliner will operate on either setting. The polarity switch simply changes the Eggliner's forward and reverse direction of travel when DC power is applied to the track.

POLARITY

LARGE SCALE NMRA STD
